(2) The amount due from the Inamdar of Hankarpur village in connection with the Hemagiri Anikat & channel are as follows:—

Item	Remarks.
(1) Proportionate share of the cost of restoration of the anikat.	According to the Dy Comm's calculation this A & P amounts to 5481-4-6
(2) Proportionate share of the cost of improvements to the channel.	The D. C. has reported that this amount will be fixed after the improvements are completed & when actual cost is received from P.W.D.

	(3) Annual charges for the maintenance of the channel.	The D.C. has fixed this amount up to 1913-14 at Rs 6-7-9 4-9-7 and he considers that about Rs 200 will be required for the purpose every year.
	22) In the order of 22nd Dec 1904, it was directed that the cost of reconstructing the anikat minus the contributions to be levied from the raiyats should be recovered as a loan at 4 per cent interest from the revenues of the Madgeka-Yachamanhalli village on behalf of the Devamba Agrahar Inamdars. As the latter objected to the entire amount being thus recovered from them, Govt. in their order dy 16.2.1911 revised the above order & directed that the amount should be apportioned between the said Inamdars & the Inamdars of Hanihar-pur & 2 other villages in proportion to the irrigable lands belonging to each. The proportionate share to be debited to the Hanihalpur village has been calculated by the Dy Comr to be Rs 5481-4-6. It will thus be seen that unless the entire amount is paid up in a lump sum

it will carry interest at 4 p.c. per annum. As the decision was passed only on 16-2-1911, the interest will have reasonably to be charged from the year 1912-13.

23) The second item cost of improvements to the channel has also been ordered to be similarly apportioned among the aforesaid Inamdars in para 11 of the order of 16.2.1911. The Devamba Agrahar Inamdars' share of this cost has also been ordered to be received as a loan in the same paragraph. The Hanharpur Inamdar's share of this amount to be subsequently fixed by the Dy Commr may have also to be treated as a loan as that village has also been taken under Govt management. As this is a prospective charge on the income of the village, a specific mention about it should be made in the deed.

24) In regard to the third item Maintenance charges, arrears & current, no mention is made of any interest on the arrears in the Govt. of 16.2.1911. The Dy Commr

has reported in another connection that no interest is being charged on the arrears of maintenance charges.

25) In the above circumstances, no separate orders re interest on the proportionate share of the cost of construction of the anicut charged to the Hariharpur village (item no 1 supra) are necessary as the Go. of 22nd Sept 1904 is authority for the same. In regard to item no 2, specific orders in the matter of treating the amount that would fall to the share of Hariharpur & other Inam villages as a loan or otherwise will be passed after the Dy Comm's report called for in the last sentence of paragraph 11 of the Go. of 16-2-11 is received.

26) A stipulation should be made in the bond regarding the interest on item 1 at 4 p.c. per annum and about the recovery of item 2 with interest from some future date to be fixed hereafter and also about the annual charges for the maintenance of the channel
